Having a child with Adhd can be challenging, exhausting and emotional. Parents face issues on a daily basis regarding this hidden handicap. If you feel the need to be part of a Support Group where you can share your experiences, stories and knowledge and be supported by other parents who truly understand the struggles of life that families and their children go through everyday, then please join us for a coffee in a relaxed and non judgmental environment. Meetings are open to all people from surrounding Suburbs.

Meetings for 2014 are as follows:
